

TECHNICAL DATA SHEET

Pre-cleaner

Art. no. 0893 200 1

P. Qty.: 1 / 12

Specially tailored cleaner for plastics, painted metal surfaces and glass parts

- Excellent solvent properties for oils and greases
- Does not dissolve hardened painting materials, most plastics or rubber, meaning the pre-cleaner can be recommended for cleaning painted and primed parts
- Solvent-based cold cleaning and degreasing agents

Colour	Colourless
Density	0.717 g/cm ³
Smell/fragrance	Mild
Shelf life from production	24 Month
Min. flashing point	-21 °C
Contents	1 l
Weight of content	717 g
Container	Can

Application area

For thorough, fast cleaning and degreasing of plastic, glass and metal parts prior to painting, filling, gluing and sealing work, and for removing dent lifter adhesive residues.

Application information

The pre-cleaner can be applied using the washing, immersing, spraying or pouring methods. Larger parts and machines should ideally be sprayed with silicone remover or wetted with a large brush, cloth or similar and rubbed down if stubborn dirt is present.

Notice

The cleaner is recommended in particular where physiologically unsafe solvents should not be used for safety reasons.

The usage instructions are recommendations based on the tests we have conducted and on our experience; carry out your own tests before each application. Due to the large number of applications and storage and processing conditions, we do not assume any liability for a specific application result. Insofar as our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately.
